

Phi Delta Theta Parents Association

E-News

August 2008

News:

- Over the summer months the Housing Corporation completed upgrades and renovations to the House which include new flooring and paint in the main entranceway and throughout the upstairs living area.
- The Parents Association project that was approved at the spring meeting, installation of lattice panels under the deck, was completed on a very *HOT and humid* weekend in late July.
All of these upgrades have made significant positive changes to the appearance of the House, both inside and out. Thanks to all involved!!!
- Please check out www.msuphi.com for all the latest Chapter news (particularly the spring semester grade report and the awards received at ΦΔΘ International Convention) and to sign up for auto news updates. If you hear of parents who did not receive this E-News, please request that they sign up via the website, have their son provide info to the Chapter Adviser or contact Ken Stringer (info below).
